

A woman and a young girl are smiling and looking upwards. They are framed by several large, light-colored puzzle pieces that are missing from the background, symbolizing rebuilding. The woman is wearing a patterned headscarf and a black top. The girl is wearing a yellow top with pink bows. The background is a light gray color.

Rebuild families

Imagine fleeing war, but having to leave your mum, dad, brother or sister behind. Right now, this is the reality for many refugees, denied the right to be with the people they love.

Families are often separated as they flee conflict and persecution in search of safety. Being reunited means everything. Yet needlessly strict UK laws are preventing this from happening. Such rules are leaving vulnerable people isolated, traumatised and alone.

This must change. You can help refugees reunite with their families and put their lives back together.

I am calling on the UK Government to keep refugee families together because...

A photograph of a woman and two children, all smiling and laughing, is presented as a single puzzle piece. This piece is surrounded by other puzzle pieces, some of which are missing, creating a fragmented visual. The woman is wearing a blue headscarf and a dark patterned top. One child is wearing a plaid shirt, and the other is wearing a light blue shirt. The background is a plain, light-colored wall.
