Workshop 4: Active Global Citizens

**Action Menu:** To be shown to groups at the beginning of part 3: ‘Which Actions?’

Want to get your whole school fired up about cooling down?
Here are lots of ideas about how you can help and what you can do to make a difference.

**Join The Wave** Organise a huge blue Mexican wave to show support for the campaign.

**Paint yourself blue** like the rising floodwaters and hold a special blue day at your school.

**Raise Money** Get creative and hold a quiz, raffle, party or come up with your own exciting event.

**Organise a film screening** Show a film on climate change and share the message with your friends.

**Measure your carbon footprint** See how green your school is or could be.

**Recycle for Oxfam** Help us turn your unwanted mobiles into vital tools for countries like Sri Lanka.

**People Power** Start a petition and get everyone you know to sign it, then send it to your MP.

**Get Creative** Hold an assembly, put on an exhibition, write a play or song about climate change.
