Main facts

US airlines spent 96% free cash flow on stock buybacks in the last decade while being bailed out amid COVID-19.

Two large chemicals manufacturers were given significant payouts of COVID-19 support cash from the British government.

Four of the world's five largest oil and gas companies spent more cash on dividends and share buybacks during the pandemic.

Several US companies cut thousands of workers while continuing to reward shareholders during pandemic.

Among the 100 or so major companies that have filed for bankruptcy, 19 committed to keep paying executive bonuses.

Several US companies have all laid off staff, cut their hours or slashed salaries while maintaining payouts.

Example of six US companies that moved to shield their executives' compensation (i.e. stock options) from the COVID-19 crisis.

Top executives of many major US corporations — including some at the very epicenter of the crisis — have mostly kept their jobs.

Hilton plans to lay off 2,100 corporate employees (22% of its corporate workforce). In the meantime, it announced a \$1.5 billion stock repurchase program.

More than 1,500 employees at a German meat processing factory tested positive for COVID-19, sparking fresh criticism of the industry.

Major US meatpackers are under investigation over fixing or manipulating prices during the pandemic. Meatpackers are accused of price fixing.

A report by the National Council for Occupational Safety and Health ('The Dirty Dozen') ranks the 12 worst employers in the US.

A major online retailer has been sued for failing to take adequate protective measures for its workers, leading to lawsuits.

A group of 11 international and Congolese human rights groups addressed a letter to 13 mining companies petitioning for better conditions.

Migrant workers in Gulf states (such as UAE and Saudi Arabia) from Pakistan, India, Bangladesh, the Philippines and other countries are facing difficulties.

Apparel brands are accused of not paying for produced orders – without such payment, many workers face homelessness.

A US airline announced it would lay off up to 36,000 of its US employees (about 45% of its domestic workforce), which is the largest layoff in the industry.

Tax Watch UK finds that 13 out of 53 companies that received Covid Corporate Financing Facility (CCFF) aid are listed on the FTSE 100.

Some big/public companies applied for the government's Paycheck Protection Program (PPP), which was established to help businesses keep employees.

After months-long lobbying from trade groups and companies, the Trump administration announced alterations to the CARES Act.

A US apparel brand pays large dividends to shareholders, while order cancellations and delays leave suppliers' garment makers in a bind.

After lobbying the US government, a major US company succeeded in getting the Federal Reserve to purchase corporate bonds.

Investigation of working conditions at one of the UK's fastest growing fashion retailer's supplier factories found that workers are overworked and underpaid.

A German airline received German, Swiss and Austrian state aid totalling €9bn, with a commitment to stop dividend payments.

Following an intense lobbying effort, US oil and gas companies succeeded in benefitting from changes to the Federal Reserve's lending facilities.

After lobbying on tax issues in the US CARES Act, oil companies received a massive tax break through greater latitude on depreciation.

Even after Carnival Corp's management knew about COVID-19 infections on its Diamond Princess cruise ship, A US cruise line ignored warnings.

A Japanese advertising company has received almost \$700m via a government contract to help channel coronavirus relief funds.

Although unsuccessful, some of the U.S.'s biggest private equity firms have lobbied hard to shape the stimulus in their favor.

Owner families of several South Korean conglomerates have been criticized for taking advantage of low stock prices during the pandemic.

The Securities and Exchange Commission (SEC) charged two companies for having issued news releases that contained false information.

Fashion retailers in Germany use an emergency law, created especially to protect private tenants during the pandemic, to avoid evictions.

A South Korean food delivery app used its dominant market position to raise its commission for already struggling restaurants.

A US travel platform drew criticism for not helping travel hosts in their difficult financial situation but instead asking for more money.

Unions in Myanmar have accused factories producing for global fashion brands to have used COVID-19 as a pretext to suppress wages.

A platform company for a food delivery app was criticized over 'inadequate' PPE provision and income support for its delivery workers.

A US restaurant chain was sued by five employees in Chicago who allege that the fast-food chain 'failed to provide adequate safety measures.'

The shooting of two Zimbabwean workers by a Chinese boss shows the 'systematic and widespread' abuse that local workers face.

A Canadian mining company operating a mining project in Mexico was accused of not abiding by the suspension order from the Mexican government.

A mining company in Guatemala was alleged to have endangered local residents by operating throughout the coronavirus pandemic.

A global call center company has been accused of violating the rights of workers to have a safe workplace during the pandemic.

1,200 workers were abruptly laid off by a major supplier of a European fashion company citing a lack of orders due to the pandemic.

Garment manufacturers in Mexico successfully lobbied AMLO to recommence economic activity despite COVID-19 restrictions.

The maker of a drug shown to shorten recovery time for severely ill COVID-19 patients drew criticism for charging high prices.

A pharmaceutical retailer in South Africa was prosecuted for inexplicable excessive pricing of masks during the pandemic.

A US platform company for a food delivery app faced criticism and nationwide strikes due to inadequate protection

US food retailer faces protests from workers regarding inadequate protection and lack of transparency in COVID-19
