Additional info
In addition to regular monthly payments, 70% of the value of the family's regular monthly benefit will
be provided. Of this amount, 30% will be provided through utility waivers and 70% will be provided
as a cash transfer. The range of transfer values given in this sheet have been estimated to show
what a family with 1 child and a family with 4 children would expect to receive.

Employed and self-employed who lost their jobs directly as a result of the COVID19 crisis will receive BZ\$150 every 2 weeks for 12 weeks (US\$450). Persons who were unemployed prior to the crisis will receive BZ\$100 every 2 weeks for 12 weeks (US\$300).
oriolo will receive Bzw 100 every z weeks for 12 weeks (eewoo).
Together, the Bono Familia, BCF and BU reach 3.3 million households and their 11.1 million members (as direct and indirect recipients) which is 97.6% of the population

Approximately 92,000 disabled persons and 247,000 mothers will receive this assistance.
The budget was recorded as US\$ 25 million for June, and then increased to US\$ 28 million for August and September respectively.

Payment amount reduces from 100% of amount in first monrht, to 85% and then 65% in subsequent months. Amount depends on level of informality of work within the household. A household of 4 members entirely income from informal sector receive a first transfer of CLP 280,000 (USD 340)
Households identified via SISBEN and tax collection databases.
Household identified via 2018 Census, SISBEN and District's own data (plus data from cell phone operators). COP 423,000 for poor households and COP 178,000 for vulnerable households

100% increase in the amount transferred to families.
100 % increase in the amount transferred to families.
Payments are to be increased from LCLI 350 to LCLI 900, representing an overall ton-up of LCLI
Payments are to be increased from LCU 350 to LCU 900, representing an overall top-up of LCU 550.

Beneficiaries receive a free ATM card with their first payment in order to cash their 2nd and 3rd payment via post offices and/or banks. Accepted beneficiaries are notified via SMS regarding the location and time to visit to collect their first payment and ATM card, to avoid overcrowding and ensure the safety of beneficiaries.
The targeting of the payment spurred some protests from people who demand to be included in the
new scheme.
It is likely that benefits will include a cash/ food mix. The cash benefit value will increase by about 22% for scale-up

Payments to be made monthly ratherly than quarterly. As of 2018, recipients receive IDR1,890,000
per family per year of IKR 157,500 per month. Monthly amount has doubled for 3 months for
COVID 10 origin
COVID-19 crisis.

"It is hoped that an additional fund of Rp. 53 billion is expected to be discussed at the ministerial meeting," he said. Abdul Halim conveyed that currently the distribution of Village Fund BLT for the first term of the first month has reached 99%. This figure is equivalent to IDR 4.73 trillion for 7.88 million beneficiary families (KPM). Meanwhile, the total for the distribution of term I amounted to Rp 12.24 trillion. The distribution for the second term has started at Rp 73.61 billion and the third term is planned to be distributed in the
the second term has started at Rp 73.61 billion and the third term is planned to be distributed in the coming October.
MoLSA approved grants for 11.6 million people, the majority of the 12.3 million individuals who applied nationwide.

Formal and informal workers, self-employed people, and part-time workers are eligible for the temporary state aid. But informal workers, who represent 30 percent of the workforce, have to pay a non-refundable social security contribution to access the aid. These are payments of KZT 1,325 in rural areas and KZT 2,650 in urban areas. The payments do not guarantee that applicants will receive the KZT 42,500.

Meanwhile, the total for the distribution of term I amounted to Rp 12.24 trillion. The distribution for the second term has started at Rp 73.61 billion and the third term is planned to be distributed in the coming October
Those who have lost all their income will receive LCU 5,000 and those who have a monthly income
below LCU 5,000 will receive a top-up.

Note: The source gives the budget in the currency of old ounces.
Overall transfer is MNT 100,000
Overall transfer is MNT 280,000
In addition to existing monthly payment of MMK 15,000
In addition to existing monthly payment of MMK 10,000
"The total amount for this measure is costed at a maximum of N\$562 million, based on the national poverty line of N\$250 per person per week." Do this mean this is the min income used to incometest the benefit?

40,000 IDs. 4000 for tax up of oxisting IDbooos Kafaalati programme for Amounths (total ours of Do	
12,000 [Rs. 1000 for top-up of existing 'Ehsaas Kafaalat' programme for 4 months (total sum of Rs.	
12,000 including the Rs. 2,000 per month recipients would usually receive distributed over 4 month	1
period) and Rs. 12,000 for new recipients identified through national socio-economic database as	
having income below Rs. 20,000. An SMS campaign will be launched to unform about the	
programme.	_
	_
The cash is transferred via an electronic wallet to purchase food and hygiene products.	

SAP excludes 4Ps beneficiaries because their monthly cash grant has already been increased with an emergency subsidy to make it equal to the amount that will be granted under the SAP scheme. https://www.msn.com/en-ph/news/national/iatf-emergency-subsidy-for-4ps-beneficiaries-released-amid-covid-19-threat/ar-BB12cDIM
VUP previously covered 310,000 famlies.

Duration of support	Eligibility
Buration of Support	Englotticy
N/A	Workers in the tourism sector
2 months	Unemployed graduates
One-time payment	E-hailing drivers
12 months	Non-contributors of NIC (taxi drivers, vendors, small business persons, creative industry etc). Those who have been displaced (through loss of employment/income) as a result of COVID-19. For informal workers not currently contributing to NIC, condition of enrolling to NIC is attached to payment.
3 months	Citizens who lose their jobs due to the COVID-19 crisis.
3 months	Emergency scheme for unemployed workers and self-employed who have lost their earnings.
3 months	Workers who have lost their job or income as a result of the pandemic. This includes the self-employed and those in the informal sector.
3 months	Informal workers registered at the database of Ministry of Labour and Manpower Payment
One-time payment	
N/A	Unemployed and informal sector workers
One-time payment	Households of informal workers in urban areas: Freetown, Bo city, Kenema city, Makeni and Port Loko.
3 months	Those who have not registered in the social registry and are not recipients of PKH or the Food Assistance Program but who have experienced job loss of a breadwinner

N/A	Self-employed and informal workers receiving government support during the crisis
N/A	Poor and new poor families and informal workers in affected industries such as tourism and manufacturing, as well as migrant workers.
One-time payment	Informal workers and their families
One-time payment	Informal workers earning less than \$400 per month
6 months	Persons who are unemployed but not yet receiving any social grants from the Unemployment Insurance Fund.
One-time payment	municipal markets
One-time payment	Informal workers, domestic workers, 'monotributistas'
One-time payment	Unemployed citizens
One-time payment	Households working in the informal sector, who are not covered by any social assistance program and who are vulnerable to shocks (households registered in the social security system with low-cost healthcare card).
6 months	People who lost their jobs because of the coronavirus crisis or are on unpaid leave
3 months	Registered in the social registry, low level of formal employment. Households with an older person or a PWD are eligible for the 2nd and 3rd payment.
3 months	Poor or near-poor households; social protections beneficiaries or devotees; contracted workers who have lost jobs but are not eligible for UI benefits; un-contracted workers who have lost jobs from selected fields of work and have an income below poverty line; or hosueholds with monthly taxable revenue below VND 100 million per month that temporarily suspended business.
N/A	Informal workers
3 months	The unemployed and persons who directly lost their as a result of the crisis.
6 months	Workers not covered by the Social Security fund

One-time payment	Households of informal economy workers such as house cleaners and street vendors who lack a financial safety net. The government targeted households using electricity usage: any household with monthly consumption of 0-250 kilowatts/ per hour got the transfers.
3 months	Those who have lost income as a result of COVID-19
One-time payment	Citizens between 18-60 years who have lost their job and are not receiving any other social grant.

vho have lost income or jobs, or are unemployed gradu

EMERGENCY SOCIAL PROTECTION PRO

The primary source of information on the programmes analysed here is a Dale, Pamela. 2020. Social Protection and Jobs Responses to COVID-19 https://openknowledge.worldbank.org/handle/10986/33635. License: CC

This is complemented by data from the IMF Fiscal Monitor and additiona

For the purpose of this analysis, 'emergency social protection' is defined permanent basis that are not conditional on the recipient participating in

As such, the emergency responses examined in this analysis will not include accompanied by the suspension of work obligations (as in Ethiopia, for e transfers or that are from contributory insurance schemes.

Furthermore, the emergency responses included in the analysis only incl the responses do not include reforms taken to give advances on paymer expanded horizontally to include additional recipients, only the coverage expanded vertically to increase the value of a benefit to existing recipient

Methodology

Determining coverage

Since household transfers are intended to benefit all household members

Calculating transfer values as a percentage of GDF

The value of transfers as a percentage of GDP per capita is calculated by the IMF Economic Outlook Database. The per capita transfer is derived a the transfer is divided by the average household size to estimate the value.

Determining adequate transfer values

Oxfam used a percentage of per capita GDP instead of an absolute figur of 15% is based on the benchmark of the median benefit for a tax-finance survey of government schemes across the world carried out for this paper a good indication of what level benefits need to reach to be adequate.

recipients, excluding Peru and territories and countries that have recently excee al income (GNI) per capita as published by the World Bank.
